

NW GA Trail of Veteran's Parks

From Carroll County, GA to the Tennessee line you will find memorials reflecting local themes that display medals, uniforms, weapons, vehicles, aircraft and other items that span the time from the Revolutionary War through the Gulf War.

Some parks feature a wall or walkway of engraved bricks bearing the names of service men and women, flags for the branches of military service/ monuments.

The greenspace provided honors and memorializes all U.S. veterans of each local area, both living and deceased and any date of service.
